1. DISADVANTAGES OF TRADITIONAL MONEY TRANSACTION METHODS

There are certain disadvantages that exist in the present traditional transaction methods:

- **High fee:** The users of traditional methods are being charged a high fee when they make transaction across the border, and even a huge amount of maintenance and warranty costs for software and hardware devices.
- **Time-consuming:** It would be time-consuming, therefore inconvenient, when transferring money among different banks, different nations.
- **Administrative barriers:** Administrative barriers are really time consuming and troublesome.

2. THE BREAKTHROUGH SOLUTION OF FUTURE SVA

Future SVA is an advanced solution which could allow users to access a simpler, safer and faster transaction method. People from all walks of life can take advantage of Future SVA for their own sake.

Future SVA provides users with a global fastest money transaction yet absolutely safe and with lowest fee. You can use Future SVA, of course, to transfer money, to purchase and sell goods and services world-wide, with lowest fee and within seconds.

No more red tape and no more annoying bank procedures. Future SVA allow you to access the most user-friendly application, especially payment transaction via apps for smart phones.

3. WHAT IS FUTURE SVA?

Future SVA is a peer-to-peer electronic monetary system based on cryptography like Bitcoin yet unlike Bitcoin. It exhibits properties similar to physical currencies (such as dollars or coins), however what makes it distinct is that it allows instantaneous transactions and borderless transfer-of-ownership.

As all the payments are processed through secured servers, so that users no need to worry about any risk involved, it is the most user-friendly system that allows your trust and control over it. Our system is vastly superior to existing systems with the ability to protect users from all hackers, easy to use but still confirm a legitimate transaction.

Future SVA is accessible and available wherever and whenever you are in need, no limits, no boundaries, which means you can purchase or sell products and services, transfer money to your family and friends at an extremely low cost by an instant confirmation network without any interruption. We also provide you with our debit card system, which can be easily used via your smart phones.

Unlike many other digital cash, Future SVA is designed to not only become a digital currency that can meet the highest advanced technology standards but also become the most user friendly digital cash and can be easily used by anyone.

- Blockchain technology
- Decentralised

- Peer-to-peer network
- Anonymous
- None institutions or governments

Future SVA Specification

- Coin algorithm script (POW/POS)
- Coin abbreviation: SVA
- Maximum Coin Supply: 40 million

4. OUTSTANDING FEATURES OF FUTURE SVA

		\$10,000 - \$49,999	\$20,000/Week
		\$50,000 - \$100,000	\$30,000/Week

10. ICO

ICO is a way which enables Future SVA to fund our activities including building and developing our core Team, the ecosystem for our app, and running marketing campaigns so that Future SVA brand-awareness and Future SVA reputation would be successfully built.

The sooner the investors buy Future SVA, the higher earning potentials they would gain, both in the short term and in the long term.

In the short term, the price would increase rapidly right after ICO, and you could earn money through Trading, Lending, Staking or Mining program.

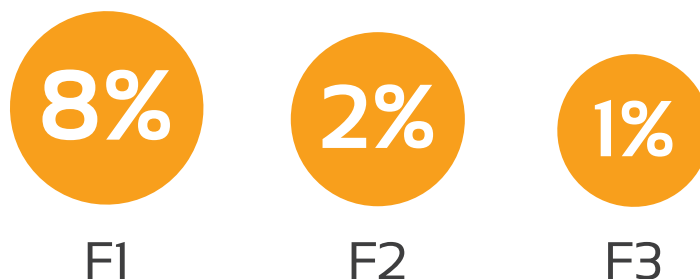

There are several ways to earn profit with Future SVA, and buying ICO coin at the best price enables you to optimize your investment. Therefore, you should not miss any latest information about ICO calendar, so that you can be among the first individuals who could buy the coin with the best price.

The total quantity of SVA coin: 40 million

- ICO coin: 6 million
- Time frame for ICO December 16, 2017 - December 31, 2017

To update the latest information about ICO, visit our website at smartfva.co

AFFILIATE BONUS

11. HOW TO USE SVA AFTER ICO?

After ICO ends, an internal trading floor will be opened so that you can buy and sell your ICO coin. This is the time that you could earn a great profit, you could either hold your coins for lending and staking or sell it to earn profit.

How to earn profit with Trading?

- **Step 1:** Register your account at smartfva.co
- **Step 2:** Deposit BTC and then you can buy SVA
- **Step 3:** Start trading with SVA then earn profit

SVA Exchange is always available to meet your trading demand, you can trade SVA on SVA Exchange or other exchanges, especially with our partners.

How to earn profit with Lending?

- **Step 1:** Register your account on smartfva.co
- **Step 2:** Deposit BTC and then you can buy SVA
- **Step 3:** You are lending with Smart SVA and earning profit every day, profit is up to 48% per month

Lending pack would guarantee your daily profit, the monthly profit can be up to 48% and the annual profit is extremely significant, which would guarantee you a considerable increase in investment assets in the long run.

For most people, securing a profit up to 48% monthly is not easy at all. So Future SVA Lending program is the gateway to your financial success.

How to earn profit with Staking?

- **Step 1:** Register your account on smartfva.co
- **Step 2:** Deposit BTC then you can buy SVA
- **Step 3:** Deposit SVA in Linux, Windows or Mac Wallet, and your profit depends on the quantity of SVA you could deposit, the more the better.

Why can you earn profit from Staking? As Future SVA block chain technology will give you bonus when you hold your coin and it will be used to stake. It is a way to confirm transaction for the system, the more you keep Future SVA, the more bonus you earn from Staking. This means that if you just hold your coin in your wallet over time, and your coins are not used for Staking, you could miss substantial benefit. So if you have Future SVA that you are not involved in lending or trading then you should be involved in staking. With Future SVA, you are always guaranteed to earn profit in one way or another. We offer a specific construction of staking on our website, so if you are really interested in Staking, please visit our website for more details.

Staking profit as following:

Mining Future SVA also brings you benefit, by investing in hardware (CPU/GPU) and using POW to mine Future SVA.

- **Step 1:** Future SVA can be mined with CPU/GPU
- **Step 2:** Download miner for mining Future SVA
- **Step 3:** Start Future SVA Mining

12. SVA EXCHANGE

You can trade and make profit on the SVA Exchange. Right after the ICO, we will open SVA Exchange so you can trade and buy Future SVA.

You can also trade through our partner floors, the partner floors will be introduced after the ICO.

13. FUTURE SVA BRAND VALUE BUILDING

PR, marketing campaigns and press releases on the digital currency as well as Fintech field, and on prestigious business magazines.

- Invest in social media like Facebook, Youtube, Twitter, Google...
- Funding for business events, especially Block chain and Fintech related events.
- Invest in prestigious block chain, Fintech and digital currency start-ups.

Collaborating with partners to deliver unmatched value, practical applications to continue to deliver a cost-effective and life-saving solution for people around the world.

14. FUTURE SVA TEAM

On behalf of Future SVA Team, we thank you for your interest in our White paper. The White paper has given you a brief summary about our mission and vision, our commitment to all of you. To fulfill our commitment, we have organized our Team as below:

Development Team

This is our key Team, on whom we have invested a huge amount of budget so that our Team could continually improve and generate outstanding and stable technology value for Future SVA. It is our great honor to have a chance to work with the most talented and leading groups in our digital currency field. We commit to cooperate and try our best to provide you with the most advanced and breakthrough products and services.

Management Team

A remarkable success requires a long term vision as well as leading management experience, that is the reason why we decide to work with the most experienced and talented managers in technology, marketing, business field.

Consultant Team

Instead of wasting time on things that have not been approved to be feasible, we choose to work with experienced and successful people, who know what to do to realize their financial success with a number of projects and what to do to help others to do so.

Third party partners

Beside our own team, we also cooperate with Third party partners. We believe that with their experience and ability, they would contribute a lot to the success of Future SVA. We have always considered whom to work with, so that we all together would provide you with the best products and services ever.

15. AFFILIATE PROGRAM

By referring new members to buy ICO coin, you will get 8% bonus on the quantity of coin that your referred members purchase. Therefore, the more members you could refer, the more money you could earn. You could earn Future SVA by referring new members, which means you do not need to buy Future SVA with your own money.

After ICO time ends, you are still earning bonus by referring new members to Lending program of Future SVA.

Our 5-level affiliate program allows you the opportunity to earn a great amount of money, starting with 8% affiliate bonus for the first level.

Using all the marketing tools available to refer new members all over the world to our lending program. This is your big chance to earn a passive income and help others to do so.

Affiliate program is a great way to expand our Future SVA user and investor community. Future SVA affiliate bonus is our recognition to our contribution to the development of the whole Future SVA community. With all of the technology out there along with our Affiliate program, it costs no money to get started and it could not be simpler to earn money with SVA.

We truly believe that this program has the potential to change lives for better with minimal risk and the prospect of major returns. you literally have nothing to lose else with our Affiliate program. Your life as a successful digital cash investor can start today with SVA affiliate program. Future SVA provides you with a number of tools of which you could make use of them to build your own affiliate network:

- A link to register new members
- Provide you with a number of banners with professional standard so that you could access your potential users and investors via your blog or your own website
- Provide you with a landing page enables you to keep in touch with members who still hesitate to join Future SVA community, who still question about Future SVA, automatic email marketing system will help you establish a closer relationship with your potential members.

16. WHO COULD BE POTENTIAL USERS AND INVESTORS OF FUTURE SVA

All types of business including traditional business, e-commerce business and all kinds of individuals who need to transfer money to their clients, suppliers, or to their friends and families. Beside those people with particular usage purposes, investors will use Future SVA as a way to diversify their investment portfolio. Those investors invest in Future SVA as they believe that with the expansion of Future SVA community and the development of SVA outstanding app, Future SVA price will increase over time.

Investing in Future SVA today is your investment for the future. Despite our desire, advanced payment applied block chain technology will gradually replace the traditional payment model today.

This summary is a brief description of what we will turn to do in the short term. In the long term, we continue to update our strategies and initiatives as well as be ready to listen to innovations and to continually improve so as to constantly respond to the higher demands of reality.

We believe that FUTURE SVA – a DIGITAL CASH will be the next generation of advanced solution for global money transaction. Don't wait until the day someone tell you that just by cashing in on the SVA opportunity from the very beginning, they would earn a great benefit, which would make you regret not giving it a try when you come across this information today. Being successful with SVA from the very beginning (ICO time) requires very little capital and allows you to experiment a lot. This is what I love about SVA the most. Actually, many people would not be so excited when they come across the information about SVA elsewhere, however, trust SVA and start your investment right now really deserves your try.
